SUBJECT INDEX

A

Abdominal cyst, An abdominal cyst, **637**
Abdominal mass, Abdominal mass in a patient with Crohn's disease, **505**
Abdominal pain
Abdominal pain, **423**
Abdominal pain and acute hypotension, **363**
Abdominal pain: do not forget Thorotrast!, **367**
Accident and emergency department
Improving the interpretation of electrocardiographs in an accident and emergency department, **132**
Are blood tests of value in the primary assessment and resuscitation of patients in the A&E department? **81, 575:** *letter*
Achalasia, Dysphagia due to secondary achalasia as an early manifestation of squamous cell carcinoma, **502**
Achromatopsia, Cerebral achromatopsia as a presentation of Trousseau's syndrome, **44**
Acinetobacter calcoaceticus var ***lwoffi,*** Mixed meningitis: association of *Acinetobacter calcoaceticus* var *lwoffi* and *Streptococcus faecium*, **295**
Actinomycosis
Actinomycosis presenting as carcinoma, **749**
Primary actinomycotic lung abscess, **699**
Acute adrenal insufficiency, Post-thymectomy collapse: an unusual case of acute adrenal insufficiency, **242**
Acute myelomonocytic leukaemia, Acute myelomonocytic leukaemia complicated by an acute aortic thrombosis, **112**
Acute respiratory distress, Acute respiratory distress secondary to Morgagni diaphragmatic herniation in an adult, **39**
Addison's disease, Hyponatraemic rhabdomyolysis in Addison's disease: *letter*, **574**
Adenocarcinoma, Occult small bowel adenocarcinoma complicating Crohn's disease, **172**
Adenocarcinomata, Synchronous multiple lymphomatous polyposis and adenocarcinomata in the large bowel: *letter*, **443**
Adrenal adenoma, Primary hyperaldosteronism due to an adrenal adenoma in a 14-year-old boy, **104**
Adrenal cortical carcinoma, Secretory symptoms from metastatic adrenal cortical carcinoma responding to octreotide, **229**
Adrenal masses, Bilateral adrenal masses, **567**
Adriamycin-loaded albumin microspheres, Intra-arterial administration of adriamycin-loaded albumin microspheres for locally advanced breast cancer, **47**
Agranulocytosis, Agranulocytosis in a drug addict with *Staphylococcus aureus* septicaemia, **757**
AIDS
AIDS and dilated cardiomyopathy: *letter*, **59**
Drug treatment of toxoplasmic encephalitis in AIDS, 404
Massive reversible pulmonary cysts in a patient with AIDS, 753
Alcoholism, Cardiac and renal failure in a 38-year-old alcoholic, **293**
5-Alpha-reductase deficiency, 5-Alpha-reductase deficiency in a Saudi 'girl': *letter*, **701**
Alprazolam, Allergic and toxic reaction to alprazolam: *letter*, **444**
Alzheimer's disease, Alzheimer's disease, **204**
Amyloidosis, Amyloid goitre and hypothyroidism secondary to cystic fibrosis, **307**
Anaemia, Anaemia in a child, **689**
ANCA, An audit of ANCA in routine clinical practice, **605**
Aneurysm, Anomalous splenic artery aneurysm: demonstration on CT scanning and angiography, **49**
Angina, Coronary artery disease, valvular heart disease, bradycardia, and heart failure, **346**
Angioedema, Ciprofloxacin-induced glottic angioedema: *letter*, **318**
Angiography
Angiography and the aetiology of heart failure, **480**
Anomalous splenic artery aneurysm: demonstration on CT scanning and angiography, **49**
Angiotensin-converting enzyme inhibitors, ACE inhibitors in heart failure. What dose? **64:** *editorial*, **510:** *letter*
Anhidrosis, Post-typhoid anhidrosis: a clinical curiosity, **435**
Anorexia nervosa
Anorexia nervosa – diagnosis, aetiology, and treatment, **712**
Cost of the illness that defies: *editorial*, **705**
Anti-neutrophil cytoplasmic antibodies, An audit of ANCA in routine clinical practice, **605**
Anticardiolipin antibodies, Cerebral venous sinus thrombosis and antiphospholipid antibodies, **487**
Anticoagulant therapy, Cardioversion of atrial fibrillation, **457**
Anticoagulation
Effect of age upon the induction and maintenance of anticoagulation with warfarin, **153**
The management of anticoagulation in patients with prosthetic heart valves undergoing non-cardiac operations, **390**
Antidepressants, The management of central post-stroke pain, **598**
Antiphospholipid syndrome, Antiphospholipid syndrome in a patient with rapidly progressive fibrosing alveolitis, **233**
Antiphospholipids, Cerebral venous sinus thrombosis and antiphospholipid antibodies, **487**
Antituberculosis treatment, Antituberculosis treatment-induced hepatotoxicity: role of predictive factors, **359**
Aortic thrombosis, Acute myelomonocytic leukaemia complicated by an acute aortic thrombosis, **112**
Aplastic anaemia
Aplastic anaemia or aplastic pancytopaenia? *letter*, **188**
Successful pregnancy following aplastic anaemia, **625**
Apolipoprotein A phenotype, Heterochromatin heteromorphism and variation in apolipoprotein A phenotype: *letter*, **125**
Arteriovenous malformation, Chest wall arteriovenous malformation with spinal cord compression: *letter*, **252**
Assay service, Unrestricted availability of a plasma paracetamol assay service resulting in an increased number of inappropriate requests, **678**
Astemizole therapy, Stevens-Johnson syndrome following astemizole therapy: *letter*, **383**
Atrial fibrillation
Cardioversion of atrial fibrillation, **457**
Palpitations in a 43-year-old man, **181**
Stroke prevention, **198**
Audit
An audit of ANCA in routine clinical practice, **605**
An audit of echocardiograms in acute left ventricular failure, **738**
An audit of fatal acute pancreatitis, **472**
Are blood tests of value in the primary assessment and resuscitation of patients in the A&E department? **81, 575:** *letter*
Model for rational introduction of new and expensive medicines, **86**
The clinical and laboratory correlates of an increased urinary 5-hydroxyindoleacetic acid, **542**
The use of rheumatoid factors in clinical practice, **674**
Autoimmune haemolytic anaemia, Anaemia in a child, **689**
Autopsy, Attitudes of junior medical staff to requesting permission for autopsy: *letter*, **60**
Ayurvedic medicines, Lead preparations in Ayurvedic medicines: letter, **251**

B

Babinski reflex, The Babinski reflex, **645**
Bacteraemia, Bacteraemia with *Cedecea neteri* in a patient with systemic lupus erythematosus, **179**
Bacteria, A bacterial pathogen's view of the human condition: *editorial*, **709**
Bacterial meningitis
Bacterial meningitis after MMR immunisation, **745**
Bacterial meningitis in the first three months of life, **36**
Battered granny, Battered granny or spontaneous fractures? A legal dilemma, **630**
Benign intracranial hypertension, Gliomatosis cerebri or benign intracranial hypertension?, **380**
Beriberi, Cardiac and renal failure in a 38-year-old alcoholic, **293**
Beta-adrenergic blockade, The dangers of unopposed beta-adrenergic blockade in phaeochromocytoma: *letter*, **58**
Betamethasone, Iatrogenic Cushing's syndrome due to nasal betamethasone: a problem not to be sniffed at!, **231**
Biliary tree, Stents in the biliary tree, **79**
Bismuth tetracycline and metronidazole, *Helicobacter pylori* and radical therapy for peptic ulcer: *editorial*, **641**
Blood loss, Duodenal adenocarcinoma: uncommon cause of chronic blood loss in the elderly: *letter*, **382**
Blood tests, Are blood tests of value in the primary assessment and resuscitation of patients in the A&E department? **81, 575:** *letter* **575**
Bone, A large volume spacer significantly reduces the effect of inhaled steroids on bone formation, **156**

Bone density measurement, Bone density measurement in osteogenesis imperfecta may well be important: *letter*, **124**
Bone marrow transplantation, Chronic myeloid leukaemia and allogenic bone marrow transplantation in a patient with toxic oil syndrome: *letter*, **444**

Primary hyperaldosteronism due to an adrenal adenoma in a 14-year-old boy, **104**
China, Continuous ambulatory peritoneal dialysis in the elderly: a seven-year experience, **160**
Cholecystectomy, What should I do about my patient's gall stones?, **725**
Cholestatic dysfunction, Gross cholestatic dysfunction in giant cell arteritis: letter, **59**
Cholesterol
Iatrogenic profound hypoalphalipoproteinaemia: an unrecognised cause of very low HDL cholesterol, **498**
Renal failure due to cholesterol embolisation, **107, 510:** *letter*
Chronic myeloid leukaemia, Sweet syndrome in chronic myeloid leukaemia: *letter*, **383**
Churg-Strauss syndrome, Congestive cardiomyopathy and endobronchial granulomas as manifestations of Churg-Strauss syndrome, **365**
Ciprofloxacin, Ciprofloxacin-induced glottic angioedema: *letter*, **318**
Clinical guidelines
Clinical guidelines: development, implementation, and effectiveness, **3**
Clinical guidelines: *letter*, **574**
Management of anticoagulation in patients with prosthetic heart valves undergoing non-cardiac operations, **390**
Management of acute myocardial infarction, **534**
Management of transient ischaemic attacks and stroke, **577**
Medical examinations for pilots, **649**
Investigation of a patient with unexpected venous thrombosis, **720**
Guidelines for the clinical use and dispensing of thalidomide: *letter*, **123**
Clinical skills unit, The clinical skills unit, **730**
Cloxacillin, Agranulocytosis in a drug addict with *Staphylococcus aureus* septicaemia, **757**
Coeliac disease, Cerebellar ataxia in coeliac disease – no evidence of a humoral aetiology: *letter*, **186**
Colonic stricture, Colonic stricture in a boy with cystic fibrosis, **309**
Colonoscopy, The quest for a more acceptable bowel preparation: comparison of a polyethylene glycol/electrolyte solution and a mannitol/Picolax mixture for colonoscopy, **476**
Communication skills
Asking relatives for permission for a *post mortem* examination, **269**
Dealing with the difficult patient, **653**
Discussing cardiopulmonary resuscitation with patients and relatives, **585**
Talking to the parents of a baby who is likely to develop permanent neurological impairment following a brain insult in the perinatal period, **336**
Telling parents their child has severe congenital anomalies, **529**
Telling your patient he/she has multiple sclerosis, **449**
Community Care Act, Community Care Act: *editorial*, **259**
Computed tomography
An abdominal cyst, **637**

Anomalous splenic artery aneurysm: demonstration on CT scanning and angiography, **49**
Changing clinical spectrum of liver abscess: *letter*, **123**
Descending necrotising mediastinitis, **98**
Gallstone ileus: a new role for abdominal computed tomography, **313**
Painless soft tissue mass in childhood – tumour or not?, **10**
Confusion, Acute confusion in a young man, **681**
Congenital anomalies, Telling parents their child has severe congenital anomalies, **529**
Congestive cardiomyopathy, Congestive cardiomyopathy and endobronchial granulomas as manifestations of Churg-Strauss syndrome, **365**
Connective tissue disease, Diagnostic and management problems in a complex case of connective tissue disease, **751**
Continuing medical education, Continuing medical education: *editorial*, **129**
Continuous ambulatory peritoneal dialysis, Continuous ambulatory peritoneal dialysis in the elderly: a seven-year experience, **160**
Coronary angiography, Syndrome X – angina and normal coronary angiography, **341**
Cortical necrosis, Spectrum of renal cortical necrosis in acute renal failure in Eastern India, **208**
Cost
The cost of the illness that defies: *editorial*, **705**
The economic and quality-of-life benefits of *Helicobacter pylori* eradication in chronic duodenal ulcer disease – a community-based study, **413**
Coumarin, Side-effects of coumarin: *letter*, **701**
Crack cocaine, Gastrointestinal haemorrhage associated with free-base (crack) cocaine, **377**
Crescentic glomerulonephritis, Crescentic glomerulonephritis and eosinophilic interstitial infiltrates in a patient with hypereosinophilic syndrome, **175**
Crohn's disease
Abdominal mass in a patient with Crohn's disease, **505**
Endoscopic balloon dilatation of duodenal strictures in Crohn's disease, **623**
Guillain-Barré syndrome as an extraintestinal manifestation of Crohn's disease, **437**
Occult small bowel adenocarcinoma complicating Crohn's disease, **172**
Pellagra complicating Crohn's disease, **496**
Retinal vasculitis associated with Crohn's disease, **170**
Cryptogenic organising pneumonia, Wandering consolidation, **685**
Cushing's syndrome, Iatrogenic Cushing's syndrome due to nasal betamethasone: a problem not to be sniffed at!, **231**
Cutaneous metastases, Cutaneous metastases of lung cancer, **741**
Cyclosporine
Central pontine myelinolysis following orthotopic liver transplant: association with cyclosporine toxicity, **239**
Renal dysfunction associated with liver transplantation, **513**
Cystic artery, Post-bulbar chronic duodenal ulcer with major upper gastrointestinal bleeding from the cystic artery: *letter*, **125**
Cystic fibrosis
Amyloid goitre and hypothyroidism secondary to cystic fibrosis, **307**
Colonic stricture in a boy with cystic fibrosis, **309**
Communicating with young adults with cystic fibrosis, **385**
Cytomegalovirus, Intestinal cytomegalovirus infection: a diagnostic problem in an HIV-positive patient: *letter*, **187**

D
Deep neck abscess, Dysphagia in a diabetic patient, **683**
Deep vein thrombosis, Popliteal vein thrombosis associated with femoral osteochondroma and popliteal artery pseudoaneurysm, **441**
Delayed anoxic encephalopathy, Delayed post-anoxic encephalopathy, **373**
Dementia
An unusual cause of dementia, **483**
Dementia, myopathy, and idiopathic hypoparathyroidism: *letter*, **702**
Fluctuating dementia and rhinorrhoea: *letter*, **253**
Dependency, High dependency units in the UK: variable size, variable character, few in number, **217**
Descending necrotising mediastinitis, Descending necrotising mediastinitis, **98**
Diabetes insipidus, The triple-phase response – problems of water balance after pituitary surgery, **439**
Diabetes mellitus
Diabetes in elderly patients with pacemakers: *letter*, **765**
Diabetes mellitus, **281**
Doubly disabled: diabetes in combination with an eating disorder, **546**
Dysphagia in a diabetic patient, **683**
Hyperkalaemia in diabetes: prevalence and associations, **551**
Microalbuminuria, cardiovascular risk factors and secondary prevention of non-insulin-dependent diabetes: *letter*, **58**
The effect of nilvadipine on bloodflow in the dorsal pedis artery in type 2 diabetic patients – a study using duplex Doppler ultrasonography, **613**

Dialysis, Renal dysfunction associated with liver transplantation, **513**
Diaphragm, Acute respiratory distress secondary to Morgagni diaphragmatic herniation in an adult, **39**
Diarrhoea
Causes of diarrhoea in patients with hypogammaglobulinaemia: *letter*, **317**
Chronic diarrhoea associated with *Septata intestinalis*: *letter*, **764**
Dietary supplements, Pure white cell aplasia and health food products, **557**
Difficult patients, Dealing with the difficult patient, **653**
Dilated cardiomyopathy
AIDS and dilated cardiomyopathy: letter, **59**
Symptomatic cardiomyopathy as a presentation in Whipple's disease, **236**
Disseminated intravascular coagulation

Pancreatic ketoacidosis: ketonemia associated with acute pancreatitis, **32**
Respiratory failure in acute pancreatitis, **327**
The pathogenesis of chronic pancreatitis, **67**
Paracetamol
Hyperglycaemia induced by paracetamol: *letter*, **702**
Unrestricted availability of a plasma paracetamol assay service resulting in an increased number of inappropriate requests, **678**
Parapharyngeal abscess, Dysphagia in a diabetic patient, **683**
Parkinson's disease
Dysphagia, a reversible cause not to be forgotten, **94**
Early diagnosis of Parkinson's disease, **151**
Parkinson's disease, **201**
Peliosis, Peliosis of the spleen: possible association with chronic renal failure and erythropoietin therapy, **493**
Pellagra, Pellagra complicating Crohn's disease, **496**
Peptic ulcer, Effect of *Helicobacter pylori* eradication on peptic ulcer healing, **90**
Pericardial effusion, Methotrexate-induced pericarditis and pericardial effusion: first reported case, **244**
Pericarditis
Methotrexate-induced pericarditis and pericardial effusion: first reported case, **244**
Systemic lupus erythematosus presenting as effuso-constrictive pericarditis, **627**
Perinatal brain insult, Talking to the parents of a baby who is likely to develop permanent neurological impairment following a brain insult in the perinatal period, **336**
Peritoneal dialysis, Continuous ambulatory peritoneal dialysis in the elderly: a seven-year experience, **160**
Peritonitis, Peritonitis complicating leptospirosis: *letter*, **250**
Phaeochromocytoma
A patient with co-existing bronchial carcinoid tumour and bilateral phaeochromocytoma, **102**
The dangers of unopposed beta-adrenergic blockade in phaeochromocytoma: *letter*, **58**
Pilots, Medical examinations for pilots, **649**
Pituitary apoplexy, Pituitary apoplexy after stimulation tests: *letter*, **123**
Pituitary surgery, The triple-phase response – problems of water balance after pituitary surgery, **439**
Platelet transfusion, Successful pregnancy following aplastic anaemia, **625**
Pleural biopsy, Splenic haematoma complicating pleural biopsy: *letter*, **319**
Pleural effusion, Yellow nail syndrome and xanthogranulomatous pyelonephritis, **110**
Pneumatosis cystoides intestinalis, Intestinal obstruction in an elderly man, **759**
Pneumocystis carinii
Massive reversible pulmonary cysts in a patient with AIDS, **753**
Pneumocystis carinii pneumonia presenting with pneumomediastinum in an HIV-positive patient, **96**
Pneumomediastinum, *Pneumocystis carinii* pneumonia presenting with pneumomediastinum in an HIV-positive patient, **96**
Pneumoperitoneum, Benign spontaneous pneumoperitoneum in an elderly patient treated medically with recovery: *letter*, **252**
Pneumothorax, Massive reversible pulmonary cysts in a patient with AIDS, **753**
Poisoning
Poisoning due to an over-the-counter hypnotic, Sleep-Qik (hyoscine, cyproheptadine, valerian), **227**
Unrestricted availability of a plasma paracetamol assay service resulting in an increased number of inappropriate requests, **678**
Poliomyelitis, Multiple sclerosis presenting as late functional deterioration after poliomyelitis, **52**
Polycythemia vera, Spinal cord compression by spontaneous spinal subdural haematoma in polycythemia vera, **378**
Polyethylene glycol/electrolyte solution, The quest for a more acceptable bowel preparation: comparison of a polyethylene glycol/electrolyte solution and a mannitol/Picolax mixture for colonoscopy, **476**
Polymyalgia rheumatica, Polymyalgia rheumatica, temporal arteritis and malignancy, **500**
Polyorchidism, Polyorchidism: causation and management: *letter*, **317**
Polyposis, Synchronous multiple lymphomatous polyposis and adenocarcinomata in the large bowel: *letter*, **443**
Popliteal artery pseudoaneurysm, Popliteal vein thrombosis associated with femoral osteochondroma and popliteal artery pseudoaneurysm, **441**
Porphyria, Porphyria and vampirism: another myth in the making: *editorial*, **643**
Post mortem, Asking relatives for permission for a post mortem examination, **269**
Post-typhoid anhidrosis, Post-typhoid anhidrosis: a clinical curiosity, **435**
Postural hypotension, Postural hypotension and falls, **278**
Potassium, Fractional excretion of potassium in normal subjects and in patients with hypokalaemia, **211**
Pre-registration house officers, The US residency programme – lessons for pre-registration house officer education in the UK? **273, 639:** *letter*
Pregnancy
Acute pulmonary oedema in late pregnancy, **571**
Gestational macromastia not responding to termination of pregnancy: *letter*, **124**
Septic arthritis of the hip complicating pregnancy: *letter*, **316**
Successful pregnancy following aplastic anaemia, **625**
Pregnancy-induced hypertension, Acute pulmonary oedema in late pregnancy, **571**
Pre-operative assessment, Is this patient fit for thoracotomy and resection of lung tissue?, **331**
Prescribing
A model for rational introduction of new and expensive medicines, **86**
Prescribing in the elderly, **466**
Primary actinomycosis, Primary actinomycotic lung abscess, **699**
Primary healthcare
The development of healthcare services for drug misusers and prostitutes, **593**
Prostate disease: management options for the primary healthcare team, **136**
Problem-based learning, Problem-based learning in medicine: an introduction, **323**
Probucol, Iatrogenic profound hypoalphalipoproteinaemia: an unrecognised cause of very low HDL cholesterol, **498**
Prophylaxis, Prophylactic use of fluconazole in neutropenic cancer patients, **284**
Proptosis, Proptosis, skull infarction and epidural haematoma in sickle thalassemia: *letter*, **445**
Prostate disease, Prostate disease: management options for the primary healthcare team, **136**
Prosthetic valve endocarditis, *Gemella haemolysans* prosthetic valve endocarditis: *letter*, **188**
Prosthetic valves, The management of anticoagulation in patients with prosthetic heart valves undergoing non-cardiac operations, **390**
Prostitution, The development of healthcare services for drug misusers and prostitutes, **593**
Proton-pump inhibitor therapy, *Helicobacter pylori* and radical therapy for peptic ulcer: *editorial*, **641**
Pruritis, Diagnostic and management problems in a complex case of connective tissue disease, **751**
Pseudohyperkalaemia, Pseudohyperkalaemia associated with hereditary spherocytosis: *letter*, **187**
Pulmonary cysts, Massive reversible pulmonary cysts in a patient with AIDS, **753**
Pulmonary mucormycosis, Spontaneous regression of pulmonary mucormycosis, **632**
Pulmonary oedema, Acute pulmonary oedema in late pregnancy, **571**
Pulse oximetry, Pulse oximetry monitoring during non-sedated upper gastrointestinal endoscopy, **433**
Pure white cell aplasia, Pure white cell aplasia and health food products, **557**
Pyrexia, Diagnostic and management problems in a complex case of connective tissue disease, **751**

Q
Quality of life, The economic and quality-of-life benefits of *Helicobacter pylori* eradication in chronic duodenal ulcer disease – a community-based study, **413**

R
Radiation therapy, Cutaneous metastases of lung cancer, **741**
Radiotherapy
Acute confusion in a young man, **681**
Late cardiac effects after treatment for childhood Hodgkin's disease with chemotherapy and low-dose radiotherapy, **164**
Radiotherapy and chemotherapy for inoperable non-small cell lung cancer, **393**
Regional chemotherapy, Intra-arterial administration of adriamycin-loaded albumin microspheres for locally advanced breast cancer, **47**
Rehabilitation medicine, Rehabilitation medicine, **665**
Renal biopsy, Iatrogenic gall bladder perforation: *letter*, **126**
Renal calculi, Renal calculi in primary hyperaldosteronism, **561**
Renal dysfunction, Renal dysfunction associated with liver transplantation, **513**
Renal failure
Cardiac and renal failure in a 38-year-old alcoholic, **293**
Peliosis of the spleen: possible association with chronic renal failure and erythropoietin therapy, **493**
Renal failure due to cholesterol embolisation, **107, 510:** *letter*
Spectrum of renal cortical necrosis in acute renal failure in Eastern India, **208**
Renal function, Effects of captopril and enalapril on renal function in elderly patients with chronic heart failure, **287**
Residency, The US residency programme – lessons for pre-registration house officer education in the UK? **273, 639:** *letter*
Respiratory failure, Respiratory failure in acute pancreatitis, **327**
Resuscitation
Are blood tests of value in the primary assessment and resuscitation of patients in the A&E Department? **81, 575:** *letter*
Discussing cardiopulmonary resuscitation with patients and relatives, **585**
Ethical issues involving older people: *editorial*, **257**
Resuscitation training, **143**
To resuscitate or not? *letter*, **316**
Retinal vasculitis, Retinal vasculitis associated with Crohn's disease, **170**
Retroperitoneal neoplasm, Giant retroperitoneal hemangiopericytoma, **692**
Rhabdomyolysis
Delayed severe rhabdomyolysis after taking 'ecstasy': *letter*, **186**
Fever and a painful knee, **507**
Rheumatic fever, Rapidly progressive glomerulonephritis complicating acute rheumatic fever, **553**
Rheumatoid arthritis, Manubrio-sternal joint sepsis in rheumatoid arthritis: *letter*, **443**
Rheumatoid factor testing, The use of rheumatoid factors in clinical practice, **674**
Rhinorrhoea, Fluctuating dementia and rhinorrhoea: *letter*, **253**
Ribavirin, Ribavirin for hepatitis C infection: conference report, **120**
Ruptured oesophagus, Haemopneumothorax, **635**

S
Sacrum, Malignant transformation in a fatal case of giant cell tumour of the sacrum, **301**
Saudi Arabia, 5-Alpha-reductase deficiency in a Saudi 'girl': *letter*, **701**
Sciatica, Sciatica, **121**
Scleroderma
Cutaneous scleroderma in association with carcinoid syndrome, **299**
Seizures in a patient with diffuse scleroderma, **687**
Sedation, Pulse oximetry monitoring during non-sedated upper gastrointestinal endoscopy, **433**
Seizure
A seizure and odd behaviour in a 79-year-old man, **761**
Seizures in a patient with diffuse scleroderma, **687**
Self-learning, Appraisal of self-learning: *letter*, **765**
Sepsis, Immunotherapy in the management of sepsis, **71**
Septata intestinalis, Chronic diarrhoea associated with *Septata intestinalis*: *letter*, **764**
Septic abortion, Spectrum of renal cortical necrosis in acute renal failure in Eastern India, **208**
Septic arthritis of the hip, Septic arthritis of the hip complicating pregnancy: *letter*, **316**
Septicaemia
Agranulocytosis in a drug addict with *Staphylococcus aureus* septicaemia, **757**
Fever and a painful knee, **507**
Sertraline, Evaluation of sertraline in overdoses reported in the UK, **57**
Shoshin, Cardiac and renal failure in a 38-year-old alcoholic, **293**
Sickle cell trait, Fever and a painful knee, **507**
Sickle thalassemia, Proptosis, skull infarction and epidural haematoma in sickle thalassemia: *letter*, **445**
Sigmoid volvulus, Intestinal obstruction in an elderly man, **759**
Skin biopsy, A negative skin biopsy for malignancy does not exclude the possibility of subsequent fatal disease: *letter*, **253**
Skull infarction, Proptosis, skull infarction and epidural haematoma in sickle thalassemia: *letter*, **445**
Sleep-Qik, Poisoning due to an over-the-counter hypnotic, Sleep-Qik (hyoscine, cyproheptadine, valerian), **227**
Small bowel, Occult small bowel adenocarcinoma complicating Crohn's disease, **172**
Smoking, Cigarette smoking and sore throats in adults: *letter*, **510**
Soft tissue mass, The painless soft tissue mass in childhood – tumour or not?, **10**
Soluble interleukin-2 receptor, Soluble interleukin-2 receptor in patients with glomerular diseases, **617**
Somatostatinoma, Carcinoid syndrome due to a malignant somatostatinoma, **695**
Sore throats, Cigarette smoking and sore throats in adults: *letter*, **510**
Spacers, A large volume spacer significantly reduces the effect of inhaled steroids on bone formation, **156**
Spherocytosis, Pseudohyperkalaemia associated with hereditary spherocytosis: *letter*, **187**
Spina bifida, Adults with spina bifida and/or hydrocephalus, **17**
Spinal cord compression
Chest wall arteriovenous malformation with spinal cord compression: *letter*, **252**
Spinal cord compression by spontaneous spinal subdural haematoma in polycythemia vera, **378**
Spinal haematoma, Spinal cord compression by spontaneous spinal subdural haematoma in polycythemia vera, **378**
Spleen, Peliosis of the spleen: possible association with chronic renal failure and erythropoietin therapy, **493**
Splenic artery aneurysm, Anomalous splenic artery aneurysm: demonstration on CT scanning and angiography, **49**
Splenic haematoma, Splenic haematoma complicating pleural biopsy: *letter*, **319**
Splenic rupture, Abdominal pain and acute hypotension, **363**
Squamous cell carcinoma, Dysphagia due to secondary achalasia as an early manifestation of squamous cell carcinoma, **502**
Staphylococcus aureus, Agranulocytosis in a drug addict with *Staphylococcus aureus* septicaemia, **757**
Stents
Stents in the biliary tree, **79**
Stents in the oesophagus, **453**
Sternal mass, Sternal mass and fever, **569**
Steroids, A large volume spacer significantly reduces the effect of inhaled steroids on bone formation, **156**
Stevens-Johnson syndrome, Stevens-Johnson syndrome following astemizole therapy: *letter*, **383**
Stimulation tests, Pituitary apoplexy after stimulation tests: *letter*, **123**
Streptococcal antigens, Rapidly progressive glomerulonephritis complicating acute rheumatic fever, **553**
Streptococcus faecium, Mixed meningitis: association of *Acinetobacter calcoaceticus* var *lwoffi* and *Streptococcus faecium*, **295**
Streptococcus mitis, *Streptococcus mitis* causing epidural abscess: *letter*, **251**
Streptokinase, Streptokinase and facial haematoma, **114**
Stroke
Acute confusion in a young man, **681**
Developing comprehensive stroke services: an evidence-based approach, **733**
Management of transient ischaemic attacks and stroke, **577**
Stroke prevention, **198**
The management of central post-stroke pain, **598**
Superior sagittal sinus thrombosis, Visual impairment in a woman with histiocytosis, **425**
Superior vena caval obstruction, Giant cell carcinoma of the lung, **562**

Suppurative lung disease, Chronic suppurative lung disease with associated vasculitis, **24**
Survival, Survival in hypercalcaemic patients with cancer and co-existing primary hyperparathyroidism, **28**
Sweat gland, Post-typhoid anhidrosis: a clinical curiosity, **435**
Sweet syndrome, Sweet syndrome in chronic myeloid leukaemia: *letter*, **383**
Synchronous multiple lymphomatous polyposis, Synchronous multiple lymphomatous polyposis and adenocarcinomata in the large bowel: *letter*, **443**
Syndrome X, Syndrome X – angina and normal coronary angiography, **341**
Synovial cyst, Sciatica, **121**
Systemic lupus erythematosus
Bacteraemia with *Cedecea neteri* in a patient with systemic lupus erythematosus, **179**
Systemic lupus erythematosus presenting as effuso-constrictive pericarditis, **627**

T
Temporal arteritis, Polymyalgia rheumatica, temporal arteritis and malignancy, **500**
Thackray Medical Museum, 283
Thalidomide, Guidelines for the clinical use and dispensing of thalidomide: *letter*, **123**
Theophylline poisoning, Severe theophylline poisoning: charcoal haemoperfusion or haemodialysis?, **224**
Thermoregulation, Factors associated with high risk of marginal hyperthermia in elderly patients living in an institution, **213**
Thiamine, Thiamine in Wernicke's syndrome – how much and how long? *letter*, **249**
Thoracotomy, Is this patient fit for thoracotomy and resection of lung tissue?, **331**
Thorotrast, Abdominal pain: do not forget Thorotrast!, **367**
Thrombolysis
Lower limb intra-arterial thrombolysis, **146**
The management of acute myocardial infarction, **534**
Thrombophilia, The investigation of a patient with unexpected venous thrombosis, **720**
Thrombosis
Cerebral venous sinus thrombosis and antiphospholipid antibodies, **487**
Investigation of a patient with unexpected venous thrombosis, **720**
Popliteal vein thrombosis associated with femoral osteochondroma and popliteal artery pseudoaneurysm, **441**
Visual impairment in a woman with histiocytosis, **425**
Thrombotic thrombocytopenic purpura, Seizures in a patient with diffuse scleroderma, **687**
Thymectomy, Post-thymectomy collapse: an unusual case of acute adrenal insufficiency, **242**
Thyroid, Medullary carcinoma of the thyroid metastatic to breast, **744**
Thyroid-stimulating hormone, Role of TSH measurements in predicting the outcome of treatment for Graves' disease following drug therapy, **222**
Thyrotoxicosis, Wernicke-Korsakoff syndrome due to hyperemesis gravidarum precipitated by thyrotoxicosis: *letter*, **249**
Toxic oil syndrome, Chronic myeloid leukaemia and allogenic bone marrow transplantation in a patient with toxic oil syndrome: *letter*, **444**
Toxoplasma gondii, *Toxoplasma gondii* – an unusual cause of myocarditis in old age, **168**
Toxoplasmic encephalitis, Drug treatment of toxoplasmic encephalitis in acquired immunodeficiency syndrome, **404**
Transient ischaemic attack
Management of transient ischaemic attacks and stroke, **577**
Transient ischaemic attack, infectious meningitis, or neurosarcoidosis? *letter*, **764**
Trousseau's syndrome, Cerebral achromatopsia as a presentation of Trousseau's syndrome, **44**
Tuberculosis
Liver abscess and disseminated intravascular coagulation in tuberculosis, **490**
Sternal mass and fever, **569**
Tuberculosis of the pancreas, **564**
Turner, Professor Paul, Professor Paul Turner, CBE. President, Fellowship of Postgraduate Medicine 1986–1993: *obituary*, **131**
Typhoid fever, Post-typhoid anhidrosis: a clinical curiosity, **435**

U
Ulcer, Martorell's ulcer, **717**
Ultrasonography, Changing clinical spectrum of liver abscess: *letter*, **123**
Ultrasound
Giant hydronephrosis in adults: the great mimic. Early diagnosis with ultrasound, **409**
The painles soft tissue mass in childhood – tumour or not?, **10**
The role of ultrasound in the diagnosis of ganglion cysts, **206**
Upper gastrointestinal bleeding, Post-bulbar chronic duodenal ulcer with major upper gastrointestinal bleeding from the cystic artery: *letter*, **125**
Urinary incontinence, Urinary incontinence, **195**
Urinary retention, Neuropathic urinary retention in the absence of neurological signs, **747**

V
Vaccination, Influenza vaccination: do the aged reap the benefit?, **22**
Valvular heart disease, Coronary artery disease, valvular heart disease, bradycardia, and heart failure, **346**
Vampirism, Porphyria and vampirism: another myth in the making: *editorial*, **643**
Vascular dementia, Stroke prevention, **198**
Vasculitis, Chronic suppurative lung disease with associated vasculitis, **24**
Vasospasm, Vasospasm causing a cold hemiplegic arm, **559**
Venous thrombosis, The investigation of a patient with unexpected venous thrombosis, **720**
Viruses, A virus view of the human condition: *editorial*, **707**
Visual impairment, Visual impairment in a woman with histiocytosis, **425**
